Company Profile With over 30 years' experience, Bond International Software is a leading provider of human capital management software solutions for corporations and recruitment companies of all sizes.

Bond TeamSpirit, a division of Bond International Software (UK) Limited, is a leading provider of modular yet fully integrated HR, Payroll and Time & Attendance software operating from a single database. The flexibility of the system allows you to configure TeamSpirit's core software modules according to your requirements without the need for costly bespoke programming. Our range of solutions can also be delivered in a way which best suits your business, whether that be in-house, outsourced, on a hosted basis or a combination of all three. Choose from Payroll, HR, Time & Attendance, P11D and Recruitment. Web-based functionality including Manager Access, Employee Self-Service and eApply (our Online Vacancy Application module) is also available.

Company Profile

Since 1983 **Frontier Software** has been a leading provider of specialist Human Resource and Payroll systems. Today, more than 1300 clients in a huge range of industries rely on their easy to use and infinitely adaptable products.

chris²¹ is their integrated HR and Payroll solution and is one of the most successful solutions for human resource management anywhere in the world.

chris²¹ incorporates Recruitment, Employee/Manager Self-service, Learning & Development and Time, Attendance and Rostering.

Frontier Software has an aggressive policy towards product development and 20% of revenue is spent on product research and development. This and a 'functionality rich' product have enabled **Frontier Software** to gain HMRC, ISO27001 and ISO9001:2000 accreditations.
